MIC-02A

Multimedia Microphone for Travelers

Genius presents its new compact flex microphone designed for travelers who need a quality microphone while on the go. The MIC-02A is extemely lightweight and compact in size. It can be easily stored in a briefcase without taking up space. MIC-02A has a flexible 360° gooseneck design which allows for easy height and angle positioning when speaking. With its omni-directional feature, the MIC-02A delivers true sound quality without extra background noise. The gold-plated 3.5mm plug works with any 3.5mm notebook microphone jack and ensures quality sound delivery.

The MIC-02A delivers true sound recognition for Skype/video chat in a portable, compact design. Contact your sales representative for more information about the MIC-02A.
